The Genuine. The Original.

Value and Reliability

- Quiet Operation
- Easy Installation
- DualDrive™ chain system helps the chain and drive gears last longer for reliable performance

*For as long as you own your home. Non-transferable warranty. See owner's manual for details.

DC Motor Technology

DC Motor operates with variable speed for soft start and stop, smooth operation and energy-efficiency.

Standard Features

CodeDodger® Access Security System

Each time the remote control is activated a new access code is selected from 4.3 billion possible combinations to prevent piracy of the radio signal that opens your door. The system works with up to seven remotes for one door.

SmartSet™ for Easy Programming

Quick, effortless limit setting for faster installation.

Frequency Range

Reliable frequency range to ensure consistent operation.

Self-diagnostic Safe-T-Beam® System

When objects pass through the infrared beam, the door automatically stops closing, and then reverses. The system's self-diagnostic functions alert homeowners of improper operations, pinpoint specific problems and help identify solutions.

Car2U™

Home Automation System

Light System

Illuminate your garage with our built-in light system.

HomeLink® Compatible

Link to Car's Built-in Remote System.

For use with sectional doors up to 8' high
